ABSTRACT

Control-M

Control-M SaaS: Overview (WBT)

Learning Path >

Course Code: AUTO-CSOV-1026

Modality	Duration	Applicable Versions	Target Audience
Web-Based Training (WBT)	30 Minutes	Control-M SaaS (October 2026)	• Operators • Schedulers • Developers • Administrators

Course Overview

Control-M SaaS simplifies workflow orchestration, making it easy to define, schedule, manage, and monitor application and data workflows, ensuring visibility and reliability, and improving SLAs.

This web-based training introduces learners to Control-M SaaS, BMC's SaaS-based workload automation and orchestration solution. It covers key features, capabilities, and architecture for Control-M SaaS, as well as different Domains. The course also explains various roles and responsibilities in Control-M.

Note: In addition to English, the textual content of this course is available in French, German, Italian, Japanese, Korean, Portuguese (Brazil), Simplified Chinese, and Spanish (Mexico).

Learning Objectives

- Understand the purpose and core functions of Control-M SaaS
- Explore key features and capabilities
- Understand navigating Control-M SaaS interfaces
- Understand the structure and components of jobs, workflows, and folders
- Identify Control-M SaaS Domains and Welcome Pages
- Differentiate key terminologies
- Identify and explain different roles and responsibilities in Control-M SaaS
