

BMC AMI Ops: Explore Subscription

[Learning Path >](#)

Subscription Code: AMOP-EXP-SUBS

Modality

- Video
- Skills Assessment

Target Audience

- Database Administrators
- System Programmers
- Application Developers

Subscription Overview

BMC AMI Ops is THE unified, AI-powered mainframe observability suite with actionable intelligence, embedded expertise, and simplified management which delivers operational resiliency ensuring the right availability, at the right time, at the right budget. BMC AMI Ops is built on a centralized architecture that provides a single view and controls common administration with intelligent, proactive automation and highly efficient resource usage.

Using videos and skills assessments, this subscription provides an overview of BMC AMI Ops and details the use of this solution to provide intelligent automation to proactively find and fix issues before they occur.

The skills assessment is not an exam and is not meant to test individuals but to provide students and teams an overview of existing and missing skills to select the appropriate training.

Note: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

Learning Objectives

- Get familiar with BMC AMI Ops
- Learn why to manage z/OS objects using BMC AMI Ops Automation
- Get familiar with BMC AMI Console Management
- Understand the BMC AMI Console Management Access Control
- Learn how to automate shutdown/IPL in BMC AMI Console Management
- Learn the importance of monitoring in Mainframe DevOps
- Create BMC AMI Ops Monitoring Dashboard
- Get familiar with BMC AMI Ops Insight
- Get familiar with BMC AMI Storage
- Get familiar with BMC AMI Ops for Networks
- Understand the basics of BMC AMI Ops Monitor for Unix System Services
- Learn how to trace system calls for a z-OS UNIX Process
- Monitor the BMC AMI Ops Monitor for UNIX System Services file system growth
- Understand Action Security for BMC AMI Ops Monitor for UNIX System Services
- Understand about MainView architecture and MainView Explorer navigations
- Learn how to create alarms using MainView Explorer screens
- Understand MainView Explorer Customizations
- Enroll for skills assessments for various solutions to cover the training gaps

Unlimited Offerings

Course Name	Description	Release Date (MM/YY)	Duration (Minutes/Hours /Days)	Delivery Method (WBT, ILT, ASP, SPT, Exam)
BMC AMI Ops Overview	Experience next-level mainframe operational resiliency, AI-powered observability, an intuitive user interface with embedded expertise, actionable insights, and enterprise platform interoperability, all with BMC AMI Ops.	12/20	2 minutes	Video
BMC AMI Ops Automation: Delivering Operational Resiliency	Same world-class systems management solution with added intelligence. Join us for this on-demand webinar to get the inside track on how BMC AMI Ops can help.	02/21	54 minutes	Video
BMC AMI Console Management: Tour of BMC AMI Console Management	BMC AMI Ops is built for digital business. It is a complete, modular solution that is architected to provide central administration and management. In this video, you will walk through the essential functions of the BMC AMI Console Management viewer from the user's perspective.	09/20	8 minutes	Video
BMC AMI Console Management: Access Control	In this video, you will walk through the access control of the BMC AMI Console Management, which controls which components of the console management appear to the end user.	03/21	4 minutes	Video
BMC AMI Console Management: Automating Shutdown/IPL	In this video, you will learn how to Automate Shutdown/IPL in BMC AMI Console Management.	10/18	6 minutes	Video
BMC AMI Ops Monitoring: The Importance of Monitor in Mainframe DevOps	In this video, you will learn about the importance of a monitor in Mainframe DevOps.	03/21	2 minutes	Video
BMC AMI Ops Monitoring: Creating a Dashboard	In this video, you will learn how to create a dashboard in the new BMC AMI Ops Monitoring GUI.	03/21	6 minutes	Video
BMC AMI Ops Insight Overview	BMC AMI Ops Insight is a forward-looking tool that helps mitigate issues before they become business problems. Using machine learning it learns what normal is, detects anomalies, diagnoses the probable cause, and minimizes time to remediate.	12/21	2 minutes	Video
BMC AMI Storage Overview	Improve your infrastructure performance and management with BMC AMI Storage solutions. This set of solutions will help you simplify complex mainframe storage environments, ensure application availability, and manage your entire mainframe storage environment from a single point of control.	12/21	2 minutes	Video

BMC AMI Ops for Networks Overview	With BMC AMI Ops for Networks you have total visibility and control over your mainframe network resources to resolve problems before they can impact your business.	12/21	2 minutes	Video
BMC AMI Ops Monitor for UNIX System Services: Getting Started	In this video, you will get a high-level view of BMC AMI Ops for UNIX System Services (USS). USS is included with all releases of z/OS.	10/18	13 minutes	Video
"BMC AMI Ops Monitor for UNIX System Services: Trace System Calls for a z-OS	In this video, you will learn how to trace the system calls for UNIX shell command process.	10/18	2 minutes	Video
BMC AMI Ops Monitor for UNIX System Services: Monitoring File System Growth	In this video, you will learn how to monitor UNIX file system growth using the new FS Mount view.	10/18	3 minutes	Video
BMC AMI Ops Monitor for UNIX System Services: Action Security	In this video, you will learn how the new action security features work. Action Security allows you to run UNIX and MVS Commands using the invoking users authority instead of the product address space users authority.	01/15	5 minutes	Video
MainView Explorer: Part 1	In this video, you will learn about MainView Architecture and MainView Explorer navigations.	11/18	33 minutes	Video
MainView Explorer: Part 2	In this video, you will learn about creating Alarms using MainView Explorer screens. Also MainView Explorer customizations like Views, Containers, Configurations, and Charts.	11/18	25 minutes	Video
BMC AMI Ops Automation 8.x: Fundamentals TOM Skills Assessment for Operators and System Programmers	The BMC AMI Ops Automation 8.x: Fundamentals TOM Skills Assessment for Operators and System Programmers is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Ops Automation -TOM training.	04/24	2 hours	Exam - Assessment
BMC AMI Ops Infrastructure 7.x: Fundamentals Skills Assessment	The BMC AMI Ops Infrastructure 7.x: Fundamentals Skills Assessment is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Ops Infrastructure training.	05/24	2 hours	Exam - Assessment
BMC AMI Ops Monitor for CICS®: Fundamentals Skills Assessment for System Programmers	The BMC AMI Ops Monitor for CICS® 7.x: Fundamentals Skills Assessment for System Programmers is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Ops Monitor for CICS® training.	06/24	2 hours	Exam - Assessment
BMC AMI Ops Automation 8.x: Fundamentals Using Skills Assessment for Operators	The BMC AMI Ops Automation 8.x: Fundamentals Using Skills Assessment for Operators is to be taken by customers and partners to check their skills for key product	04/24	2 hours	Exam - Assessment

	areas BEFORE registering for any BMC AMI Ops Automation training.			
BMC AMI Ops Automation 8.x: Fundamentals Using Skills Assessment for System Programmers	The BMC AMI Ops Automation 8.x: Fundamentals Using Skills Assessment for System Programmers is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Ops Automation training.	04/24	2 hours	Exam - Assessment
BMC AMI Storage IAM/PLEX 11.x: Fundamentals Skills Assessment	The BMC AMI Storage IAM/PLEX 11.x: Fundamentals Skills Assessment is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Storage IAM/PLEX 11.x training.	05/24	2 hours	Exam - Assessment
BMC AMI Storage IAM 11.x: Fundamentals Skills Assessment	The BMC AMI Storage IAM 11.x: Fundamentals Skills Assessment is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Storage IAM 11.x training.	05/24	2 hours	Exam - Assessment
BMC AMI DevX Total Test 20.x: Fundamentals Skills Assessment for Developers	The BMC AMI DevX Total Test 20.x Fundamentals Skills Assessment for Developers is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI DevX Total Test 20.x training.	04/24	2 hours	Exam - Assessment
BMC AMI DevX Code Pipeline 22.x: Fundamentals Skills Assessment for Administrators	The BMC AMI DevX Code Pipeline 22.x: Fundamentals Skills Assessment for Administrators is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Code Pipeline 22.x training.	05/24	2 hours	Exam - Assessment
BMC AMI DevX Code Pipeline 22.x: Fundamentals Workbench for Eclipse Skills Assessment for Developers	The BMC AMI DevX Code Pipeline 22.x: Fundamentals Workbench for Eclipse Skills Assessment for Developers is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Code Pipeline 22.x training.	06/24	2 hours	Exam - Assessment
BMC AMI DevX Code Pipeline 22.x: Fundamentals ISPF Skills Assessment for Developers	The BMC AMI DevX Code Pipeline 22.x: Fundamentals ISPF Skills Assessment for Developers is to be taken by customers and partners to check their skills for key product areas BEFORE registering for any BMC AMI Code Pipeline 22.x training.	06/24	2 hours	Exam - Assessment
