

# BMC Certified Associate: AMI Ops Automation 8.x for Operators and System Programmers Online Exam

## Certification Brief

### CERTIFICATION NAME

- › BMC Certified Associate: AMI Ops Automation 8.x for Operators and System Programmers Online Exam

### CERTIFICATION EXAM CODE

- › AOAU-CERT-AUOS803-CA

### APPLICABLE VERSIONS

- › BMC AMI Ops Automation 8.x

### PREREQUISITES

- › NA

### TARGET AUDIENCE

- › Operators and System Programmers

### EXAM DURATION

- › 2 Hours

### EXAM REGISTRATION

Choose from the following options to register for a BMC Education Services Exam:

- › Register online for BMC Software certification exam at: [www.bmc.com/education](http://www.bmc.com/education)
- › Contact your [BMC Education Advisor](#) for help with registration

## PURPOSE OF EXAM

BMC AMI Ops Automation (BMC AMI OpsA) product is part of the BMC AMI Ops Automation for Data Centers solution. This product provides tools and applications to improve an operator's ability to provide high system availability and helps the operator through error minimization, improved productivity, and problem determination and prevention.

The BMC AMI Ops Automation solution has multiple products like General Services, Operator Workstations, Rules Management, and TOM (Total Object Manager). Effective automation can be achieved only if the Automation Engineer (Operator or System programmer) comprehensively understands all these products.

The BMC Certified Associate: AMI Ops Automation 8.x for Operators and System Programmers Online Exam will validate the technical competencies needed to understand and use the automation processes under the BMC AMI Ops Automation solution.

## Skills Tested

Participants will be tested on their knowledge of the following:

- » Using BMC AMI Infrastructure interfaces
- » Accessing BMC AMI Ops solutions
- » Accessing and using BMC AMI Ops Automation products from the 3270 emulators and GUI interfaces
- » Creating and Managing Alerts and Alarms
- » Identifying events for which automation must be done
- » Creating and using Rules for automation
- » Creating and managing objects of various types using TOM
- » Creating and managing definitions base and sets
- » Managing parameter members of TOM
- » Using TOM Utilities

For detailed information on these topics, refer to the course abstract(s) for the recommended course(s).

## Certification Brief

### RETAKE POLICY

- › Participants who fail the Certification exam may register and pay for an exam and then make another attempt after waiting one week
- › Participants are limited to 4 attempts per year

## Recommended BMC Software Courses to Prepare for the Certification

The following course offered by BMC Education Services prepares the participants to take the Certified Associate exam and also improve their knowledge and skill level to help build proficiency with the solution:

- » *BMC AMI Infrastructure 7.x: Fundamentals Using*
- » *BMC AMI Ops Automation 8.x: Fundamentals Operating*
- » *BMC AMI Ops Automation 8.x: Fundamentals Managing*
- » *BMC AMI Ops Automation 8.x: Fundamentals Using TOM*
- » *BMC AMI Ops Automation 8.x: Fundamentals Managing TOM*

## Getting Started

**Step 1.** Take the recommended courses for the Certified Associate learning path. Purchase the required exam (attempts).

**Step 2.** Study and prepare for the exam. BMC recommends 6 weeks and also a minimum of [3] months of experience with the product before taking the exam.

**Step 3.** Take and pass the exam.

**Step 4.** If you have failed the exam, purchase another attempt and start at step 2.

## Examination Details

- » Exam is an online exam.
- » Further details and terms and conditions are available in the [BMC Certifications Program Guide](#) and [BMC Education Certification Policy](#).

## Additional Recommended Resources to Study

- » BMC AMI Ops Automation 8.x Product Documentation
- » BMC AMI Infrastructure 7.x Product Documentation
- » BMC AMI Ops and BMC AMI Ops Automation Communities

## Recommended Experience

- » Minimum 3 months experience in automation using BMC AMI Ops Automation solution.
