COURSE REGISTRATION

Choose from the following options to register for a BMC Education Services course:

- › Register online for BMC Software courses at: www.bmc.com/education
- › Contact your [BMC Education Advisor](#) for help with registration

PURPOSE OF SKILLS ASSESSMENT

Companies deploying and using BMC AMI Ops Infrastructure also known as MainView Infrastructure, realize full value only when their solution is effectively implemented and exercised. To ensure deployments and operations are performed to best practice standards, BMC provides technical training based on the current skill levels of product usage.

The **BMC AMI Ops Infrastructure 7.x: Fundamentals Skills Assessment** is to be taken by customers and partners to check their skills for key product areas **BEFORE** registering for any BMC AMI Ops Infrastructure training. Based on the result analysis, BMC can provide a recommendation on which training courses would fill potential skill gaps.

The skills assessment is not an exam and is not meant to test individuals but to provide students and teams with an overview of existing and missing skills to select the appropriate training. Assessment takers shouldn't prepare and retake the assessment to avoid receiving incorrect recommendations.

Note: BMC AMI Ops Infrastructure was formerly known as MainView Infrastructure.

Reviewed Skills

The knowledge around the following topics is checked:

- › BMC AMI Ops Basic Features
- › BMC AMI Ops User interfaces
- › BMC AMI Ops Architecture and Components.
- › Basic UI features, and different solutions offered.
- › MainView Explorer Basics and Concepts.

Getting Started

Step 1.

Register for the skills assessment. The skills assessment is free of charge for all customers and partners.

Step 2.

Review the assessment results yourself or ask BMC to provide a report and feedback with training recommendations.
