BMC AMI Security Policy Manager 2.x: Fundamentals Skills Assessment for Users

⧓ bmc

ABSTRACT

Skills Assessment Code: ASPM-SKILL-FUU201

Modality	Duration	Applicable Versions	Target Audience
Online – Non-Proctored	2 Hours	2.x	• Users

Purpose of Skills Assessment

The BMC AMI Security Policy Manager product is a security policy manager engine that gathers real-time data and reports events that do not match your company's security and compliance policies.

BMC AMI Security Policy Manager runs in the environment it examines to minimize risks of data or information loss. Once scans have been completed, detailed reporting is provided with recommended configuration changes to mitigate threats and potentially exploitable settings.

The skills assessment is not an exam meant to test individuals but to provide students and teams an overview of existing and missing skills to select the appropriate training. Assessment takers shouldn´t prepare and retake the assessment to avoid receiving incorrect recommendations.

Reviewed Skills

The knowledge and understanding around the following topics are checked:
- BMC AMI Security Policy Manager
- BMC AMI Security Policy Manager GUI
- Compliance Testing
- Security Policy Rule Configuration
- REXX queries
- REXX functions and their purposes
- Reports for RACF, TSS, and ACF2

Getting Started

Step 1.
Register for the skills assessment. The skills assessment is free of charge for all customers and partners.

Step 2.
Review the assessment results yourself or ask BMC to provide a report and feedback with training recommendations.

Exam Registration

Choose from the following options to register for a BMC Education Services Exam:

- Register online for the BMC Software certification exam at: www.bmc.com/education
- Contact your **BMC Education Advisor** for help with registration
