Modality	Duration	Applicable Versions	Target Audience
Online – Non-Proctored	2 Hours	BMC Helix Operations Management 25.2	<ul style="list-style-type: none"><li>Operators</li><li>Users</li></ul>

## Purpose of Exam

BMC Helix Operations Management is a SaaS-based solution that covers monitoring, event management, and other ITOM capabilities. It features a modern user experience and automated workflows to streamline monitoring and event management.

The BMC Certified Associate: Helix Operations Management for Operators 25.x Online Exam will validate the technical competencies needed to successfully operate the features and capabilities of BMC Helix Operations Management.

## Skills Tested

Participants will be tested on their knowledge of the following:

- Describe the purpose of BMC Helix Operations Management
- Identify roles in BMC Helix Operations Management
- List the operational features and benefits of BMC Helix Operations Management
- Access and navigate the BMC Helix Operations Management console
- Explain devices, events, and groups
- Navigate Devices, Events, and Groups pages
- Set device preferences
- Filter devices using built-in and customized filters
- Explore Tile and Table view
- Customize and download monitor graphs
- Explore event status, severity, and priority
- Filter events using quick filters, time filters, and global search
- Perform the various event operations
- Group entity and event
- Describe policies and their types
- Explain Event and Blackout Policies
- Understand the features and functionalities of BMC Helix Dashboards
- List BMC Helix Dashboards roles, along with the permissions assigned to them
- Access and navigate the BMC Helix Dashboards console
- Trigger a cross-launch of BMC Helix Dashboards from BMC Helix Operations Management
- Browse and search for dashboards
- Share and download dashboards and panels

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).
