RETAKE POLICY

PURPOSE OF EXAM

Companies deploying and using TrueSight Capacity Optimization realize full value only when their solution is effectively implemented, operated and administrated. To ensure deployments, administration and operations are performed to best practice standards, BMC Software maintains a technical certification program.

The **BMC Certified Associate: TrueSight Capacity Optimization 11.x for Users Online Exam** will validate the competencies needed to successfully use TrueSight Capacity Optimization.

Skills Tested

Participants will be tested on their knowledge of the following:

» TrueSight Capacity Optimization 11.x workspace management
» Creation of analysis and model using TrueSight Capacity Optimization entities
» Creation of a new study using Virtual Planner capability
» Generation of basic reports for end-user consumption
» Familiarity with OOTB views, virtualization views, and Cloud Cost Control view

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).

Recommended BMC Software Courses to Prepare for the Certification

The following course offered by BMC Education Services prepares the participants to take the Certified Associate exam and also improve their knowledge and skill level to help build proficiency with the solution:

» BMC TrueSight Capacity Optimization 11.x: Fundamentals Using
