PURPOSE OF EXAM

Companies deploying and using TrueSight Operations Management realize full value only when their solution is effectively implemented, operated and administrated. To ensure deployments, administration and operations are performed to best practice standards, BMC Software maintains a technical certification program.

The **BMC Certified Professional: TrueSight Operations Management 11.x Online Proctored Exam** will validate the competencies needed to successfully implement, operate and administrate TrueSight Operations Management.

Skills Tested

Participants will be tested on their knowledge of the following:

- › TrueSight Operations Management event management functionality
- › Event Adapters
- › Event Collectors
- › Event Rules and Policies
- › Service Models

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).
