PURPOSE OF EXAM

Companies deploying and using TrueSight App Visibility Manager realize full value only when their solution is effectively implemented, operated and administrated. To ensure deployments, administration and operations are performed to best practice standards, BMC Software maintains a technical certification program.

The **BMC Certified Associate: TrueSight App Visibility Manager 10.x Online Exam** will validate the competencies needed to successfully administer TrueSight App Visibility Manager.

Skills Tested

Participants will be tested on their knowledge of the following:

» High level architecture of TrueSight Operations Management and TrueSight App Visibility

» TrueSight App Visibility Manager product components

» Installing TrueSight App Visibility Manager components

» Working of AD Agents, Synthetic monitoring, and Active EUEM monitoring

» Monitor Applications using the TrueSight console

» Drilling down to the Application traces

» Creating and running an Execution Plan for the Synthetic Monitoring

» Working with AM KM and TrueSight App Visibility Dashboard

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).

BMC Certified Associate: TrueSight App Visibility Manager 10.x Online Exam

Certification Brief
