VIRTUAL LAB ACCESS

This subscription contains Self-Paced Training (SPT) courses which have an optional eBook and Virtual Lab component.

With an Enterprise Education Subscription, an organization has access to a limited number of hands-on lab days annually. These lab days are shared between all employees of the organization.

If the organization has exceeded available lab days and an employee requests an Education Lab Voucher (ELV) to receive eBooks and Virtual Labs for an SPT course, the employee will receive an email communicating that the eBook and lab have not been ordered. However, the SPT course includes a recorded demonstration of the same lab exercises and can still be completed.

Additional hands-on lab days may be purchased in the event your organization has exceeded the allotted lab days for an Enterprise Education Subscription. Contact the Training Coordinator for BMC Training in your organization or education@bmc.com for assistance
