• Web-based Training (WBT)	• Administrators
• Instructor-led Training (ILT)	• Consultants
• Videos	

Subscription Overview

BMC offers customers to migrate their data from TrueSight Operations Management to BMC Helix Operations Management. To ease and automate most of the migration process, BMC provides an out-of-the-box migration utility toolkit.

This subscription provides insight into the migration process of TrueSight Operations Management (TSOM) to BMC Helix Operations Management (BHOM). This includes monitoring configurations, event management rules and policies, integrations, reports, and users. The migration utility toolkit has several tools to migrate the different types of data.

Note: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

Learning Objectives

- Identify the need for migration
- Understand the process of TSOM to BHOM migration
- Identify key functionalities of migration
- Understand the usage of the BHOM Policy Migrator tool
- Migrate monitoring and alarm policies
- Run the PCM to Policy Converter tool
- Install the BHOM PATROL Agent Migrator tool
- Migrate TSOM PATROL agents to the BHOM tenant
- Analyze the working of the Event Migration Utility tool
- Migrate the classes, rules, and policies
- Identify the need for the Health Check Tool (HCT)
- Install and run the HCT for migration of TrueSight Operations Management (TSOM) to BMC Helix Operations Management (BHOM)
- View the health check reports

Virtual Lab

- Contact the Training Coordinator for BMC Training in your organization or **education@bmc.com** for assistance
