

BMC HELIX OPERATIONS MANAGEMENT

BMC Helix Operations Management 23.x: Fundamentals Administering (WBT)

[Learning Path >](#)

Course Code: ASSR-HMAFW-2310

Modality

Web-based Training (WBT)

Duration

6.5 Hours

Applicable VersionsBMC Helix Operations
Management 23.x**Target Audience**

- Administrator
- Consultant

Course Overview

BMC Helix Operations Management is a SaaS-based solution that covers monitoring, event management, and other ITOM capabilities. It features a modern user experience and automated workflows to streamline monitoring and event management.

This web-based training provides an overview of the monitoring infrastructure using BMC Helix Operations Management. In addition, the students will learn to collect data, manage users and events, and work with policies.

Prerequisites

- NA

Recommended Trainings

- NA
