PRODUCT RELEASE

» BMC Helix Portal

DELIVERY METHOD 🌐

» Web-based Training (WBT)

COURSE DURATION

» 30 mins

PREREQUISITES

» None

Course Overview

BMC Helix Portal is a SaaS solution with built-in common services on a microservices-based architecture and a set of integrated BMC Helix products from a single, unified view for an improved end-user experience. BMC Helix Portal allows you to navigate between applications without the need for separate authentication or integration. You can use common services such as user management, tenant management, and single sign-on for the BMC products that are integrated on BMC Helix Portal.

The learners will be guided on how to access BMC Helix Portal, understand user access and become familiar with various functional areas of the BMC Helix Portal Console.

Target Audience

» Users
» Administrators

Learner Objectives

» Navigate through the BMC Helix Portal console
» Understand various products integrated with BMC Helix Portal and the ones that can be cross launched from the BMC Helix Portal Console
» List common services related to BMC Helix Portal
» Identify various functional areas of the BMC Helix Portal Console
