## PURPOSE OF EXAM

Companies implementing BMC BladeLogic Server Automation realize full value only when their solution is effectively implemented. To ensure implementations are performed to best practice standards, BMC Software maintains a technical certification program.

The **BMC Certified Expert for BMC BladeLogic Server Automation\*\*** Certification Exam will validate the technical competencies and implementation methods needed to successfully implement out-of-the-box (OOTB) baseline functionality for BMC BladeLogic Server Automation.

**\*\*NOTE:** Starting with version 8.9.03, BMC Server Automation is renamed to TrueSight Server Automation. This exam is appropriate for all 8.9 versions and product names.

## Skills Tested

Participants will be tested on their knowledge of the following:

- › Install, upgrade, and migrate BSA setup using use case scenarios
- › Configure BSA
- › Repair and troubleshoot installations
- › Integrate and configure BSA setup

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).
