EXAM REGISTRATION

Choose from the following options to register for a BMC Education Services Exam:

› Register online for BMC Software courses at: **www.bmc.com/education**

› Contact your BMC Education Advisor for help with registration

PURPOSE OF EXAM

Companies deploying and using Control-M realize full value only when their solution is effectively implemented, operated, and administrated. To ensure deployments and operations are performed to best practice standards, BMC Software maintains a technical certification program.

The **BMC Certified Associate: Control-M 9.x for Schedulers Online Exam** will validate the technical competencies needed to successfully schedule and manage jobs in the Control-M environment.

Skills Tested

Participants will be tested on their knowledge of the following:

» Control-M terminology, architecture, and key components
» Using Control-M interface for the creation and scheduling of job definitions
» Working with Control-M variables
» Configuring and using Notifications and On-Do actions
» Using Control and Quantitative resources
» Managing job workload using the Workload Policy Manager
» Using Control-M/Forecast to verify job schedules and observe simulated job flow
» Using Control-M Batch Impact Manager to proactively detect and address problems in the execution of a series of jobs
» Creating and using SMART folders
» Creating and using job templates

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).

Recommended BMC Software Courses to Prepare for the Certification

The following course offered by BMC Education Services prepare participants to take the Certified Associate exam and also improve their knowledge and skill level to help build proficiency with the solution:

» BMC Course for Control-M 9.x: Fundamentals Using (WBT)
» BMC Course for Control-M 9.x: Fundamentals Scheduling (ILT/VILT/ASP)
