

BMC Certified Professional: TrueSight Server Automation 22.x Online Proctored Exam

[Learning Path >](#)

Certification Code: AUTO-CERT-TSA22-CP

Modality

Online – Proctored

Duration

2 Hours

Applicable VersionsTrueSight Server
Automation 22.x**Target Audience**

- Users
- Administrators
- Operators

Purpose of Exam

TrueSight Server Automation is a leading platform for the management, control, and enforcement of configuration changes in the datacenter. This course is designed for administrators responsible for administering and maintaining the TrueSight Server Automation (TSSA) environment. To ensure deployments and operations are performed to best practice standards, BMC Software maintains a technical certification program.

The **BMC Certified Professional: TrueSight Server Automation 22.x Online Proctored Exam** Certification Exam will validate the technical competencies needed to successfully deploy, operate and administer out-of-the-box (OOTB) baseline functionality for TrueSight Server Automation.

Skills Tested

Participants will be tested on their knowledge of the following:

- TSSA Administration and Architecture
- TSSA Security
- Application Release Management
- TSSA Scripts
- Live_Reporting
- TrueSight Smart Reporting (TSSR) Administering
- TrueSight Smart Reporting (TSSR) Using
- Unified Agent Installer
- TSSA Agents and the Smart Hub

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).

Prerequisites

- BMC Certified Associate: TrueSight Server Automation 22.x Online Exam

Recommended BMC Software Courses to Prepare for the Certification

The following course offered by BMC Education Services prepares the participants to take the Certified Associate exam and improve their knowledge and skill level to help build proficiency with the solution:

- TrueSight Server Automation 22.x: Architecture and Components (ILT, VILT, ASP)
- TrueSight Server Automation 22.x: Fundamentals Administering (ILT, VILT, ASP)
- TrueSight Server Automation 22.x: Fundamentals Using (ILT, VILT, ASP)
- TrueSight Server Automation 22.x: Fundamentals Developing (ILT, VILT, ASP)
- TrueSight Server Automation 22x: Advanced Administering (ILT, VILT, ASP)

Getting Started

- Step 1.** Take the recommended courses for the Certified Professional learning path. Purchase the required exam (attempts)
- Step 2.** Study and prepare for the exam. BMC recommends 6 weeks and also a minimum of [3] months experience with the product before taking the exam.
- Step 3.** [If Professional or Expert] Register for an exam date as indicated in the confirmation email.
- Step 4.** Take and pass the exam.
- Step 5.** If you have failed the exam, purchase another exam attempt, and start at step 2.
