

# Control-M 20.x: Advanced Installing (ASP)

## COURSE ABSTRACT

### COURSE CODE

- » AUTO-CMIN-0920-ASP

### APPLICABLE VERSIONS

- » Control-M 9.0.20

### DELIVERY METHOD

- » Assisted Self-paced (ASP)
  - Student and lab guide as eBook
  - Product community for questions and answers
  - Course recording via WBT
  - Access to instructor for up to 0.5 hours by appointment (use within 90 days of registration)

### VIRTUAL LAB ACCESS

- » Lab Vouchers are issued at course registration time and must be redeemed within 90 days of receipt. Once Lab Voucher is redeemed, 28 days of lab access (portal access) are granted with 6 hours of on-demand lab time to be used. Once the lab time is used, or the 28 days expires, the lab access ends.
- » Click [here](#) for additional ASP virtual lab access information in graphical format.

### COURSE DURATION

- » Equal to 1 Day

### PREREQUISITES

- » *Control-M 20.x: Fundamentals Using (WBT)*
- » *Control-M 20.x: Fundamentals Operating (ILT/ASP)*
- » *Control-M 20.x: Fundamentals Administering (ILT/ASP)*

## Course Overview

Control-M is a digital business automation solution that provides unmatched application workflow automation, lowering operating costs and increasing application deployment speed. It delivers enhanced business value with high availability, enhanced analytics, and faster application deployment through automated job promotion from development to test to production for optimal bi-modal IT innovation.

This assisted self-paced, hands-on course guides learners as they learn about the various installation options in Control-M as well as the steps to implement the installation. The course will also describe supporting tasks that aid or support the installation procedures. Learners will also learn about the uninstallation procedures.

## Target Audience

- » Administrators
- » Consultants

## Learner Objectives

- » Describe Control-M Architecture
- » Install/Uninstall the following Control-M components:
  - Full Installation
  - Control-M Client Installation
  - Control-M Agent Installation
  - Additional Installations
- » Explain Control-M Scalability
- » Configure Automatic Startup/Shutdown Procedure for Control-M/EM
- » Integrate Control-M/EM Services in Windows
- » Define/Discover a Control-M/Server Component
- » Delete Control-M/Server from Control-M Configuration Manager (CCM)
- » Perform Additional Control-M/Agent Installation
- » Install/Uninstall the following Control-M Add-ons:
  - Self-Service
  - Workload Change Manager
  - SLA Management
  - Forecast

# Control-M 20.x: Advanced Installing (ASP)

### ACCREDITATION AND CERTIFICATION PATHS

- » This course is part of the BMC Certified Professional Certification Path for Control-M for Administrators and Consultants.

### DISCOUNT OPTIONS

- » Have multiple students? Contact us to discuss hosting a private class for your organization.
- » [Contact us for additional information](#) 

## Course Modules

### Module 1: Control-M Architecture and Components

- » Control-M Architecture and Components
- » Installation Future Planning
- » Control-M Installation Options
- » Installation Media

### Module 2: Control-M/Enterprise Manager (EM) Installation (Primary Install)

- » Control-M/Enterprise Manager (EM) Installation Overview
- » Pre-installation Steps for UNIX for Control-M/EM Installation
- » Control-M/EM Installation
- » Control-M/EM Client Installation
- » Control-M/EM Uninstallation

### Module 3: Control-M/Server Installation

- » Control-M/Server Installation Overview
- » Pre-installation Steps for UNIX for Control-M Installation
- » Control-M/Server Installation
- » Defining a Control-M/Server Component
- » Control-M/Server Uninstallation

### Module 4: Control-M/Agent Installation

- » Introduction to Control-M/Agent Installation
- » Control-M/Agent Pre-installation Procedures on UNIX
- » Installing Control-M/Agent
- » Control-M/Agent Post-installation Steps
- » Additional Control-M/Agent Installation
- » Uninstalling Control-M Agent

### Module 5: Control-M Add-Ons Installation

- » Control-M/Self Service
- » Control-M/Workload Change Manager
- » Control-M/SLA Management
- » Control-M/Forecast
