

BMC Automation and Capacity Optimization: Education Enterprise Solution Subscription

COURSE ABSTRACT

CURRICULUM CODE

- » AUTO-ENT-SUBS-AUCO

DELIVERY METHOD

- » Videos
- » Web-based Training (WBT)

Subscription Overview

TrueSight Server Automation is a leading platform for the management, control, and enforcement of configuration changes in the datacenter. Using this platform, administrators can manage both physical and virtual servers. This course is designed for TrueSight Server Automation administrators and users responsible for implementing and managing client/server business applications, managing contention servers, and ensuring compliance with company or government policies related to Configuration Management.

TrueSight Orchestration is an IT process automation solution that allows IT to create workflows across applications, platforms, and tools to orchestrate critical activities such as event remediation, compliance, security, and service desk automation across the organization. TrueSight Capacity Optimization is a digital enterprise management solution that aligns IT resources with service demands and business priorities, resulting in on-time service delivery and optimized costs.

This subscription provides a deep dive into the components and features of TrueSight Server Automation, TrueSight Orchestration, and TrueSight Capacity Optimization. The demonstrations, videos, and presentation content included in the subscription provide a clear understanding of the features and capabilities of these products and how to leverage them.

Note: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

Target Audience

- » Operators
- » Administrators
- » Consultants
- » Users
- » Developers

Learner Objectives

- » Familiarize with TrueSight Server Automation
- » Install, configure, administer, and troubleshoot TrueSight Server Automation
- » Familiarize with the TrueSight Orchestration solution
- » Install, configure, and administer TrueSight Orchestration and its components
- » Perform TrueSight Capacity Optimization 20.x workspace management
- » Apply analysis and modeling to TrueSight Capacity Optimization entities
- » Generate basic reports for end-user consumption
- » Familiarize with OOTB views and virtualization views
- » Use the advanced reporting feature of TrueSight Capacity Optimization to create high-end customized reports
- » Generate out-of-the-box views for end-user consumption

BMC Automation and Capacity Optimization: Education Enterprise Solution Subscription

COURSE ABSTRACT

SUBSCRIPTION OFFERING

This subscription offers the following individual product subscriptions:

- » [TrueSight Server Automation: Education Enterprise Product Subscription](#)
- » [TrueSight Orchestration: Education Enterprise Product Subscription](#)
- » [TrueSight Capacity Optimization: Education Enterprise Product Subscription](#)

SUBSCRIPTION ACTIVITIES

- » Web-based training
- » Demonstration
- » Video

CERTIFICATION PATH

This subscription includes the full Certified Associate Learning Paths for TrueSight Server Automation, TrueSight Orchestration, and TrueSight Capacity Optimization.
