EXAM REGISTRATION

PURPOSE OF EXAM

BMC Compuware ISPW is a modern mainframe Software Change Management tool. With BMC Compuware ISPW, you'll have the confidence of knowing that you can quickly and safely change, build, test, and deploy mainframe code.

As an ISPW Administrator, you will use ISPW to maintain the REXX Execs, JCL, panels, messages, and skeletons used by ISPW. To ensure deployments, administrators and operators are performed to best practice standard, BMC Software maintains a technical certification program.

The **BMC Certified Associate: BMC Compuware ISPW 22.x for Administrators Certification Exam** will validate the technical competencies needed to successfully understand product configuration, perform effective administration of ISPW using maintenance functions, and understanding how to troubleshoot problems.

Skills Tested

Participants will be tested on their knowledge of the following:

- » Configuration of BMC Compuware ISPW
- » ISPW Change Life cycle
- » Maintenance Tables
- » Generate processing
- » Exit Processing
- » Component Reference
- » Set Processing
- » Deployment Processing
- » APIs
- » ISPW Security

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).

BMC Certified Associate: BMC Compuware ISPW 22.x for Administrators Online Exam

Certification Brief

Choose from the following options to register for a BMC Education Services Exam:

- › Register online for BMC Software certification exam at: www.bmc.com/education
- › Contact your [BMC Education Advisor](#) for help with registration

RETAKE POLICY

- › Participants who fail the Certification exam may register and pay for an exam and then make another attempt after waiting one week
- › Participants are limited to 4 attempts per year

Recommended BMC Software Courses to Prepare for the Certification

The following course offered by BMC Education Services prepares the participants to take the Certified Associate exam and also improve their knowledge and skill level to help build proficiency with the solution:

- › BMC Compuware ISPW 22.x: Fundamentals Administering
- › BMC Compuware ISPW 22.x: Fundamentals Developing (WBT)

Getting Started

Step 1. Take the recommended courses for the Certified Associate learning path. Purchase the required exam (attempts).

Step 2. Study and prepare for the exam. BMC recommends 6 weeks and also a minimum of [3] months of experience with the product before taking the exam.

Step 3. Take and pass the exam.

Step 4. If you have failed the exam, purchase another exam attempt and start at step 2.
