

CONTROL-M

Control-M: Education Enterprise Product Subscription

[Learning Path >](#)

Subscription Code: CTLM-ENT-SUBS

Modality

- Web-based Training (WBT)
- Self-Paced Training (SPT)
- Online Exam
- Skills Assessment

Target Audience

- Developers
- Operators
- Schedulers
- Administrators
- Consultants

Subscription Overview

Control-M is a digital business automation solution that provides unmatched application workflow automation, lowering operating costs and increasing application deployment speed. It delivers enhanced business value with high availability, enhanced analytics, and faster application deployment through automated job promotion from development to test to production for optimal bi-modal IT innovation.

Using examples, demonstrations, and scenarios, the content of the online education subscription provides an overview of Control-M and details the use of this solution to identify and remediate system vulnerabilities.

IMPORTANT: Self-Paced Training (SPT) courses contained in this subscription are comprised of a course instructor video that includes a demonstration of recorded lab exercises.

Note: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

Learning Objectives

Unlimited Offerings

- Describe Control-M
- Explain the concepts and architecture of Control-M and its components
- Describe Workflow Insights
- Use the dashboards in Workflow Insights

Limited Offerings

- Install, configure, and administer Control-M and its components
- Explain features and functionalities of Control-M
- Use Control-M effectively to increase business efficiency

Virtual Lab

- Contact the Training Coordinator for BMC Training in your organization or education@bmc.com for assistance

Skills Assessment

Want to check your skills before registering for a course? Register for the following skill assessment tests before registering for any course. Skill assessments are meant to test your product knowledge and provide an overview of existing and missing skills to aid in selecting the appropriate training.

- Control-M 20.x: Scheduling Skills Assessment
- Control-M 20.x: Administering Skills Assessment
- Control-M 21.x: Scheduling Skills Assessment
- Control-M 21.x: Administering Skills Assessment

Note: The skill assessment is not an exam, you shouldn't prepare and not retake the assessment to avoid receiving incorrect course recommendations. Please contact education@bmc.com to arrange skills assessments for a group of employees and BMC to recommend specific training for this group.

Limited Offerings

Course Name	Description/Abstract	Release Date (MM/YY)	Duration (Minutes/Hours /Days)	Delivery Method (WBT, ASP, SPT, Exam)
Control-M 21.x				
Control-M 21.x: Fundamentals Scheduling (SPT)	<p>The Control-M 21.x: Fundamentals Scheduling course provides IT professionals with the concepts and hands-on experience of using distributed Control-M.</p> <p>Participants will learn to manage job processing supported by Control-M/Servers and Control-M/Agents, including the creation, scheduling, and deployment of job processing definitions using the Planning domain. Hands-on labs allow participants to apply the procedures and concepts presented in the class.</p>	05/24	32 Hours	SPT
BMC Certified Associate: Control-M 21.x for Schedulers Online Exam	The BMC Certified Associate: Control-M 21.x for Schedulers Online Exam will validate the technical competencies needed to successfully schedule and manage jobs in the Control-M environment.	02/25	2 Hours	CERT
Control-M 21.x: Fundamentals Administering (SPT)	This training provides instruction and hands-on practice in administration and customization options of the distributed systems Control-M solution. Control-M is a monitoring and management tool for the enterprise batch-scheduling environment. It allows users to	09/24	32 Hours	SPT

	manage job processing across all distributed systems platforms supported by instances of Control-M/Server and Control-M/Agent.			
BMC Certified Associate: Control-M 21.x for Administrators Online Exam	The BMC Certified Associate: Control-M 21.x for Administrators Online Exam will validate the technical competencies needed to successfully administer and manage the Control-M environment.	02/25	2 Hours	CERT
BMC Certified Associate: Control-M 21.x for Consultants Online Exam	The BMC Certified Associate: Control-M 21.x for Administrators Online Exam will validate the technical competencies needed to successfully administer and manage the Control-M environment.	02/25	2 Hours	CERT
Control-M 21.x: Fundamentals Managed File Transfer Administering (SPT)	This training introduces you to the features and functionality in Control-M Managed File Transfer. It provides an overview on installation, deployment, configuration, and the creation and monitoring of transfer jobs from the Control-M interface.	09/24	8 Hours	SPT
Control-M 21.x: Fundamentals Workload Change Manager Administering (SPT)	This assisted self-paced training presents the features and functionalities of Control-M Workload Change Manager. It provides an overview of the life cycle of a change request along with hands-on labs that will help learners to define, review, and approve Workload Change Requests.	09/24	8 Hours	SPT
Control-M 21.x: Fundamentals Application Integrator Administering (SPT)	This training introduces its participants to Control-M Application Integrator, its architecture, and its interface. Participants will also learn how to create, test, and deploy custom job types to the Control-M environment.	09/24	8 Hours	SPT
Control-M 21.x: Fundamentals Automation API Operating and Developing (SPT)	This assisted self-paced training covers basic concepts of Control-M Automation API, how to write job definitions in JSON format, work with environments, validate and execute job definitions file, and review the job definitions in Control-M environment.	09/24	8 Hours	SPT
BMC Certified Associate: Control-M 21.x for Automation API Developers Online Exam	The BMC Certified Associate: Control-M 21.x for Automation API Developers Online Exam will validate the technical competencies needed to successfully work with Control-M Automation API.	06/24	2 Hours	CERT
Control-M 21.x: Advanced Scheduling (SPT)	This training covers how to define job flow, set job scheduling criteria, and monitor the status of multiple files. It provides the learners an	12/24	32 Hours	SPT

	insight into job dependencies and Adjust condition. The learners will be able to identify jobs in the critical path and analyze services and problematic jobs. This course content will help learners understand the functionality of add-ons such as Control-M SLA Management, Self Service, and Forecast. Hands-on labs will help learners practice Calendars, SMART folders, and many other features.			
BMC Certified Professional: Control-M 21.x for Schedulers Online Proctored Exam	The BMC Certified Professional: Control-M 21.x for Schedulers Online Proctored Exam will validate the technical and job scheduling competencies needed to successfully design and manage job flows using the Planning domain in Control-M.	10/24	2 Hours	CERT
Control-M 21.x: Advanced Installing (SPT)	This course provides instruction and hands-on practice for the various installation options in Control-M. It also covers supporting tasks that aid or support the installation procedures. The course will also cover the uninstallation procedures.	11/24	8 Hours	SPT
Control-M 21.x: Advanced Administering (SPT)	This instructor-led training covers advanced tasks Administrators are required to perform in Control-M within topics such as Control-M Migration, Distributed Control-M/Enterprise Manager, Workload Archiving, Remote Host with SSH, Role Based Administration, Secure Sockets Layer (SSL) Configuration, and Housekeeping Activities.	11/24	32 Hours	SPT
BMC Certified Professional: Control-M 21.x for Administrators Online Proctored Exam	The BMC Certified Professional: Control-M 20.x for Administrators Online Proctored Exam will validate the technical competencies needed to successfully administer and manage the Control-M environment.	07/24	2 Hours	CERT
BMC Certified Professional: Control-M 21.x for Consultants Online Proctored Exam	The BMC Certified Professional: Control-M 21.x for Consultants Online Proctored Exam will validate the technical competencies needed to successfully analyze customer concerns and provide solutions with respect to the Control-M environment.	12/24	2 Hours	CERT
