

Control-M: Essential Subscription - Operators

COURSE ABSTRACT

CURRICULUM CODE

» CTLM-ESS-SUBS-OPR920

DELIVERY METHOD

- » Subscription-based:
 - Web-based Training (WBT)
 - Instructor-led Training (ILT)
 - Assisted Self-Paced (ASP)
 - Certification (CERT)

Subscription Overview

Control-M is a digital business automation solution that provides unmatched application workflow automation, lowering operating costs and increasing application deployment speed. It delivers enhanced business value with high availability, enhanced analytics, and faster application deployment through automated job promotion from development to test to production for optimal bi-modal IT innovation.

Using examples, demonstrations, and scenarios, the content of the online education subscription will help you develop skills in monitoring and managing the Control-M environment using the Monitoring domain and various other features available in Control-M.

Note: This is an annual subscription and is regularly updated and changed, without notice, based on course updates within the same product version. During the duration of the subscription, users will have access to the subscription content without incurring additional fees.

Target Audience

- » Operators
- » Schedulers
- » Administrators
- » Consultants
