

Control-M: Essential Subscription - Schedulers

COURSE ABSTRACT

CURRICULUM CODE

» CTLM-ESS-SUBS-SCH920

DELIVERY METHOD

- » Subscription-based:
 - Web-based Training (WBT)
 - Certification (CERT)

Subscription Overview

Control-M is a digital business automation solution that provides unmatched application workflow automation, lowering operating costs and increasing application deployment speed. It delivers enhanced business value with high availability, enhanced analytics, and faster application deployment through automated job promotion from development to test to production for optimal bi-modal IT innovation.

Using examples, demonstrations, scenarios and laboratory exercises the content of the online education subscription will help develop skills in creation, scheduling, and deployment of job processing definitions using the Control-M Planning domain.

Note: This is an annual subscription and is regularly updated and changed, without notice, based on course updates within the same product version. During the duration of the subscription, users will have access to the subscription content without incurring additional fees.
