

BMC AMI Storage IAM 11.x: Fundamentals Skills Assessment

Certification Brief

SKILLS ASSESSMENT NAME

- › BMC AMI Storage IAM 11.x: Fundamentals Skills Assessment

SKILLS ASSESSMENT CODE

- › DXII-SKILL-IAMF110

APPLICABLE VERSIONS

- › 11.0.00

REQUIRED PREREQUISITES

- › None

TARGET AUDIENCE

- › Storage Managers
- › System Programmers
- › Performance Analysts
- › Developers

ASSESSMENT DETAILS

- › 2 Hours

COURSE REGISTRATION

Choose from the following options to register for a BMC Education Services course:

- › Register online for BMC Software courses at: www.bmc.com/education
- › Contact your [BMC Education Advisor](#) for help with registration

PURPOSE OF SKILLS ASSESSMENT

BMC AMI Storage IAM is a high-performance indexed access method for z/OS that can be used in place of VSAM KSDS or VSAM ESDS datasets for batch, TSO, and online processing. To ensure storage management is performed to best practice standards, BMC provides technical training based on the current skill levels.

The **BMC AMI Storage IAM 11.x: Fundamentals Skills Assessment** is to be taken by customers and partners to check their skills for key product areas **BEFORE** registering for any BMC AMI Storage IAM 11.x training. Based on the result analysis, BMC can provide a recommendation on which training courses would fill potential skill gaps.

The skills assessment is not an exam and is not meant to test individuals but to provide students and teams an overview of existing and missing skills to select the appropriate training. Assessment takers shouldn't prepare and retake the assessment to avoid receiving incorrect recommendations.

Reviewed Skills

The knowledge around the following topics is checked:

- › Converting VSAM datasets to IAM datasets
- › Enhanced File Format structure and space management techniques of IAM
- › Loading and processing IAM datasets
- › Reorganizing, recataloging, backing up and restoring IAM datasets
- › Enhanced dataset reorganization and IAM dataset recovery
- › IAM tuning and Alternate Index support
- › IAM reports, IAMSMF, and IAMSMFVS
- › Journal processing and utility and recovery and restore programs
- › IAMCMON and IAMXMON

Getting Started

Step 1.

Register for the skills assessment. The skills assessment is free of charge for all customers and partners.

Step 2.

Review the assessment results yourself or ask BMC to provide a report and feedback with training recommendations.
