What's New (ODL)*

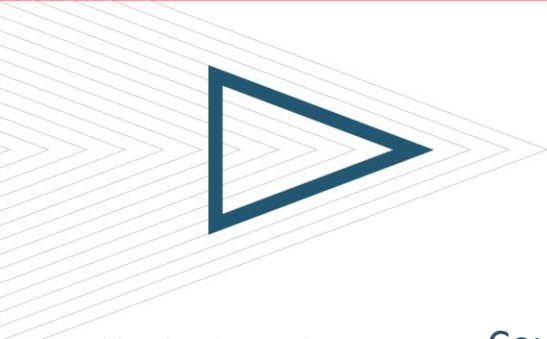

Course Overview

This course introduces students to the new features and functionality of BMC Remedy AR System 8.0 through a combination of engaging Web-based content and real-time simulations.

The simulations allow students to work in a real AR System 8.0 environment and provide hands-on experience in building and testing the new features in this release.

Course Objectives

- » Identify the enhancements to the user interface in AR System 8.0
- » Identify the enhancements to the Developer Studio in AR System 8.0
- » Identify the enhancements to the Approval Server in AR System 8.0
- » Identify the enhancements to the Dashboards in AR System 8.0
- » Identify the enhancements to the RTF in AR System 8.0

BMC REMEDY AR SYSTEM 8.0: WHAT'S NEW
