## PURPOSE OF EXAM

BMC Helix Business Workflows is a cloud-native case management application for all lines of business. It provides services to employees in a scalable, managed, and automated way. Built on BMC Helix Innovation Studio, it provides the ability to create automated workflows without writing code and tailor the user interface to meet the organization's need.

The **BMC Certified Associate: Helix Business Workflows 21.x for Administrators Online Exam** will validate the technical competencies needed to successfully deploy, operate and administer out-of-the-box (OOTB) baseline functionality for BMC Helix Business Workflows.

## Skills Tested

Participants will be tested on their knowledge of the following:

- › BMC Helix Business Workflow features and functionalities
- › Explain the concept of BMC Helix Business Workflows for a line of business
- › Configure a line of business
- › Describe the various roles and responsibilities
- › Explain the concept of data access model
- › Define basic services and make them available to employees
- › Create and manage case and task templates
- › Explain how BMC Helix Digital Workplace and BMC Helix Business Workflows work together
- › Create questionnaires and dynamic case fields in BMC Helix Digital Workplace
- › Configure dynamic assignments
- › Configure approvals
- › Configure Service Level Targets

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).
