### APPLICABLE VERSIONS

- › BMC Helix Dashboards 23.4

### PREREQUISITES

- › None

### TARGET AUDIENCE

- › Developers
- › Administrators

### EXAM DURATION

- › 2 Hours

## PURPOSE OF EXAM

BMC Helix Dashboards is a service on the BMC Helix Portal that can be used to create interactive dashboards for your environment. It can be accessed from the BMC Helix Portal and is available for SaaS as well as On-premises customers. BMC

Helix Dashboards uses Grafana as the underlying solution and enables you to customize the dashboards in multiple ways to gain valuable insights into your environment. It offers unified reporting and gives you a consolidated view of data from applications across your environment. You can easily create, export, and share interactive dashboards with users within or outside your environment.

The **Certified Associate: Helix Dashboards 23.x Designing for Service Management Online Exam** will validate the technical competencies needed to design dashboards for Service Management applications such as BMC Helix ITSM, BMC Helix Digital Workplace, and BMC Helix Business Workflows.

## Skills Tested

Participants will be tested on their knowledge of the following:

- › BMC Helix Dashboards features and benefits
- › Understand dashboard components and panel options
- › Review and analyze various out-of-the-box dashboards
- › Configure dashboard settings
- › Explore various visualizations
- › Learn about the Overrides, Suggestions, and Transform features
- › Work with dashboard variables
- › Define chained variables
- › Design a Cross-tab panel with Drill-through functionality
- › Build a BMC Record Details visualization-based dashboard
- › Design a dashboard to use Union query
- › Build Incident age-based Buckets dashboard
- › Define a Top N Series dashboard with Time Series visualization
- › Design a BMC Helix Digital Workplace dashboard
- › Design a BMC Helix Business Workflows dashboard

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).
