

BMC Certified Associate: Helix Innovation Studio 23.x for Administrators Online Exam

ABSTRACT

Certification Code: SPPT-CERT-ISDC2330-CA

Modality	Duration	Applicable Versions	Target Audience
Online – Non-Proctored	2 Hours	BMC Helix Innovation Studio 23.3	<ul style="list-style-type: none">• Users• System Administrators• Developers• Consultants

Purpose of Exam

BMC Helix Innovation Studio helps you to build your own applications with the help of different designer consoles, deploy them for the end users of these applications, and manage or configure them. You can develop an application without having to know or learn a programming language. It helps you establish data requirements, expose fields for your user interface, and implement complex, powerful business processes.

BMC Helix Innovation Studio is based on a Model View Controller pattern, which helps you to separate database tables, business logic, and user interface.

The **BMC Certified Associate: Helix Innovation Studio 23.x for Administrators Online Exam** will validate the technical competencies needed to successfully design and develop a Codeless Application in BMC Helix Innovation Studio.

Skills Tested

Participants will be tested on their knowledge of the following:

- Access BMC Helix Innovation Studio
- Navigate through multiple consoles of BMC Helix Innovation Studio
- Explain the process of Codeless application development
- Use Innovation Studio to build a fully functional codeless application
- Explore the consoles and designers involved in codeless application development
- Define Records, Views, Processes and Rules
- Define Named Lists and Associations
- Design Application Shell
- Discuss permissions and Roles
- Explain the process of application deployment
- Create export packages for installation and update of the application
- Explain the process to leverage the BMC Helix ITSM Foundation data
- Explore Auditing, Indexing and Archiving concepts
- Exploring Innovation Studio based ITSM applications

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).

Recommended BMC Software Courses to Prepare for the Certification

The following course offered by BMC Education Services prepares the participants to take the Certified Associate exam and improve their knowledge and skill level to help build proficiency with the solution:

- BMC Helix Innovation Studio 23.x: Fundamentals Developing Codeless Application

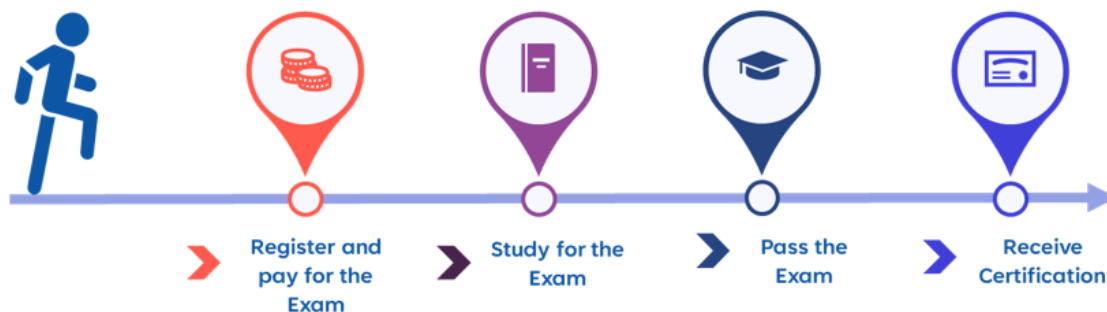

Getting Started

Step 1. Take the recommended courses for the Certified Associate learning path. Purchase the required exam (attempts)

Step 2. Study and prepare for the exam. BMC recommends 6 weeks and also a minimum of 3 months experience with the product before taking the exam.

Step 3. Take and pass the exam.

Step 4. If you have failed the exam, purchase another exam attempt, and start at step 2.

Examination Details

- Exam is an online exam.
- Further details and terms and conditions are available in the [BMC Certifications Program Guide](#) and [BMC Education Certification Policy](#).

Additional Recommended Resources to Study

- BMC Helix Innovation Studio 23.3 Documentation
- BMC Helix Communities

Recommended Experience

- Minimum **3 months** experience operating, configuring, or administering BMC Helix Innovation Studio

Retake Policy

- Participants who fail the Certification exam may register and pay for an exam then make another attempt after waiting one week
- Participants are limited to 4 attempts per year

Exam Registration

Choose from the following options to register for a BMC Education Services Exam:

- Register online for BMC Software certification exam at: www.bmc.com/education
- Contact your **BMC Education Advisor** for help with registration
