COURSE CODE

» SPPT-DWC2-2210

APPLICABLE VERSIONS

» 22.1.06

DELIVERY METHOD

» Instructor-led Training (ILT)

COURSE DURATION

» 3 Days

RECOMMENDED TRAINING

» BMC Helix Digital Workplace 22.x:
Fundamentals Configuring Service
Catalog and Workflows - Part 1

BMC Helix Digital Workplace 22.x: Fundamentals Configuring Service Catalog and Workflows - Part 2

Course Overview

BMC Helix Digital Workplace is a solution that helps make it easier and faster for employees to find the information they need so that they can focus on more strategic work. Its intelligent, omni-channel, multi-lingual conversational experience results in an effective consumption of self-service when it is most needed.

Access the Catalog console to configure the service catalog for designing the services and workflows, building reusable questionnaires, managing BMC Helix Digital Workplace user roles, creating promotional banners, configuring connectors, and defining entitlements.

This course combines classroom instruction with laboratory exercises to guide students through the concepts of the Catalog console of BMC Helix Digital Workplace. Students will develop skills in catalog configurations.
