CURRICULUM CODE

- » SPPT-ENT-SUBS-ITSM

DELIVERY METHOD

- » Web-based Training (WBT)
- » Self-Paced Training (SPT)
- » Videos
- » Certifications
- » Skills Assessments

VIRTUAL LAB ACCESS

This subscription contains Self-Paced Training (SPT) courses which have an optional eBook and Virtual Lab component.

With an Enterprise Education Subscription, an organization has access to a limited number of hands-on lab days annually. These lab days are shared between all employees of the organization.

If the organization has exceeded available lab days and an employee requests an Education Lab Voucher (ELV) to receive eBooks and Virtual Labs for an SPT course, the employee will receive an email communicating that the eBook and lab have not been ordered. However, the SPT course includes a recorded demonstration of the same lab exercises and can still be completed.

Additional hands-on lab days may be purchased in the event your organization has exceeded the allotted lab days for an Enterprise Education Subscription. Contact the Training Coordinator for BMC Training in your organization or education@bmc.com for assistance

SUBSCRIPTION ACTIVITIES

- » Demonstrations
- » Scenarios

Subscription Overview

BMC Helix ITSM is a powerful service management platform that improves IT service delivery. The intuitive user experience is built around roles, not modules, to help you be more productive with less effort. Modern, mobile interfaces, built-in templates and guides, and instant, actionable insights help you work smarter and faster.

Using examples, demonstrations, and scenarios, the content of the online education subscription provides an overview of BMC Helix ITSM as well as detailing the use and administration of the solution.

IMPORTANT: Self-Paced Training (SPT) courses contained in this subscription is comprised of a course instructor video that includes a demonstration of recorded lab exercises.

Note: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

Target Audience

- » Administrators
- » Consultants
- » End Users
- » Operators
- » Support

Learner Objectives

- » Review installation requirements
- » Understand the Access Control Model
- » Review Full Text Search capabilities
- » Explain configuring and monitoring options
- » Describe logging options
- » Utilize the right troubleshooting method
- » Explain CMDB Consumers' requirements to Configuration Managers
- » Understand how IT Service Management (ITSM) consumes CMDB data
- » Describe the Common Data Model
- » Describe best practices for importing, normalizing, and reconciling data

SKILL ASSESSMENTS

Want to check your skills before registering for a course? Register for the following skill assessment tests before registering for any course. Skill assessments are meant to test your product knowledge and provide an overview of existing and missing skills to aid in selecting the appropriate training.

- » [BMC Helix ITSM 20.x: Skills Assessment](#)
- » [BMC Helix ITSM – Smart IT 20.x: Administering Skills Assessment](#)
- » [BMC Helix CMDB 20.x: Fundamentals Administering Skills Assessment](#)

Note: The skill assessment is not an exam, you shouldn't prepare and not retake the assessment to avoid receiving incorrect course recommendations.

Please contact education@bmc.com, to arrange skills assessments for a group of employees and BMC to recommend specific training for this group.
