

## **COURSE ABSTRACT**

# BMC Helix Remedyforce: Enterprise Education Subscription for Customers Moving to BMC Helix ITSM

#### **CURRICULUM CODE**

» SPPT-ENT-SUBS-RFITSM20

#### **DELIVERY METHOD** (\$)

» Web-based Training (WBT)

### **Subscription Overview**

BMC Helix Remedyforce is a Cloud-enabled IT Service Management solution that delivers service desk, self-service, and inventory management capabilities.

With the BMC Helix ITSM suite of applications, you can create, configure, customize, deliver, and manage the IT Service Management requests and functions of your organization. BMC Helix ITSM streamlines and automates the processes around IT Service Desk, Asset Management, and Change Management operations.

This subscription focuses on BMC Helix ITSM concepts for customers migrating from BMC Helix Remedyforce to BMC Helix ITSM. It also covers basic concepts related to BMC Helix Digital Workplace.

**Note**: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

## **Target Audience**

- » Administrators
- » Consultants

## **Learner Objectives**

- » Understand the concepts and skills required to incorporate best practices when configuring and administering BMC Helix ITSM applications
- » Get an insight into concepts for administering applications in Remedy AR System
- » Get an overview of concepts related to Problem Management and Change Management processes
- » Understand the Common Data Model as well as the processes for the reconciliation and integration of data in the CMDB
- » List the Digital Workplace Basic and Advanced features
- » Understand the basic concepts related to Digital Workplace Catalog
