Subscription Overview

BMC Helix Dashboards is a service on the BMC Helix Portal that can be used to create interactive dashboards for your environment. It can be accessed from BMC Helix Portal and is available for SaaS as well as On-premises customers.

BMC Helix Dashboards uses Grafana as the underlying solution and enables you to customize the dashboards in multiple ways to gain valuable insights into your environment. It offers unified reporting and gives you a consolidated view of data from applications across your environment. You can easily create, export, and share interactive dashboards with users within or outside your environment.

Using examples, demonstrations, scenarios, and laboratory exercises, the content of the online education subscription helps you develop skills in BMC Helix Dashboards administration, configuration, and designing dashboards.

NOTE: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.
