

BMC Helix IT Service Management Migration: Essential Subscription

COURSE ABSTRACT

CURRICULUM CODE

» SPPT-ESS-SUBS-BHXM

DELIVERY METHOD

- » Subscription-based
 - Web-based Training (WBT)
 - Instructor-led Training (ILT)
 - Certification (CERT)

Subscription Overview

BMC Helix is a portfolio of SaaS offerings delivering cognitive service management (CSM) that is fast, accurate, and cost-effective, across multi-cloud, multi-device, and multi-channel environments.

In this series of recordings, you will be introduced to a variety of topics and content that explains and discusses the different aspects of the migration process.

Using examples, demonstrations, and scenarios, the content of the online education subscription provides an overview of BMC Helix IT Service Management Migration and details the various use cases for environment migrations.

Note: This content is part of an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

Target Audience

- » Administrators
- » Consultants
