Choose from the following options to register for a BMC Education Services course:

› Register online for BMC Software courses at: **www.bmc.com/education**

› Contact your BMC Education Advisor for help with registration

PURPOSE OF SKILLS ASSESSMENT

Companies deploying and using TrueSight Orchestration realize full value only when their solution is effectively implemented, operated, and administrated. To ensure deployments and operations are performed to best practice standards, BMC provides technical training based on the current skills levels of product operators, administrators, and consultants.

The **TrueSight Orchestration 20.x: Fundamentals Skills Assessment** is to be taken by customers and partners to check their skills for key product areas **BEFORE** registering for any TrueSight Orchestration trainings. Based on the result analysis, BMC can provide a recommendation on which training courses would fill potential skill gaps. The skills assessment is not an exam and is not meant to test individuals but provide students and teams an overview of existing and missing skills to select the appropriate training. Assessment takers shouldn´t prepare and also not retake the assessment to avoid receiving the incorrect recommendations.

Reviewed Skills

The knowledge around the following topics is checked:

Overview of TSO Components	Configuring TSO in Classic Mode
Configuring Modules	Upgrading TSO to 20.x
Configuring Adapters	Installation Troubleshooting
Workflow Execution from the Grid	Developing Workflows
Managing Metrics and Audit Records	Using Adapters
Health and Value Dashboards	Operations Actions Modules and Using Concepts
RSSO Basics	XPATH/XML Transformation
TSO Deployment in Classic Mode	Using the Debugger Tool
Installing TSO in Classic Mode	Scheduling Workflows
Install/Config of External RSSO	Workflow Compensation

Getting Started

Step 1.

Register for the skills assessment. The skills assessment is free of charge for all customers and partners.

Step 2.

Review the assessment results yourself or ask BMC to provide a report and feedback with training recommendations.
