COURSE ABSTRACT

BMC Helix ITSM – Smart Reporting 19.x: Fundamentals Using

Course Overview

This course introduces the learners to the key features and functionality of the BMC Remedy Smart Reporting application. This course primarily focuses on describing the basic reporting concepts for BMC Remedy Smart Reporting users. It also provides information related to various Smart Reporting components such as reports, dashboard tabs, storyboards, and stories. Additionally, it describes all the important console elements and provides details about various reports available out of the box.

This course is applicable primarily to Report Consumers & Collaborators, Personal Content Writers, Public Content Writers, and Dashboard Consumers.
