DISCOUNT AND OTHER OPTIONS

- » Have multiple students? Contact us to discuss volume discounts for multiple individual subscriptions.
- » Need customized and onsite deliveries? Contact us to discuss hosting a private class for your organization.
- » **Contact us for additional information**

Offerings

ILT Course 1: BMC TrueSight Operations Management 11.x: Fundamentals Administering

- » Understand features and functionalities of TrueSight Operations Management 11.x
- » Understand working of role based access control
- » Learn to install integration service
- » Learn to create installation packages of monitoring solution
- » Create Staging, Blackout, and Monitoring policies for a PATROL agent
- » Understand concepts of TrueSight Infrastructure Management Analytics and Probable Cause Analysis
- » Learn to work with baselines and thresholds
- » Understand events, event class and cells
- » Perform Knowledge Base (KB) administration tasks

- » Get a brief overview of TrueSight App Visibility, Synthetic Monitoring, TrueSight Capacity Optimization, TrueSight Cloud Cost Control
- » Work with dashboard
- » Get introduced to license reports, multitenancy and cross-launch URLs

ILT Course 2: BMC TrueSight Operations Management 11.x: Fundamentals Operating

- » Familiarize with the options in TrueSight console
- » Add and edit dashboards and work with dashlets
- » Navigate through dashboards to access events, groups, monitors, and performance data
- » Learn how to monitor, filter, and analyze events
- » Work with devices and learn how to add, edit, and filter devices

- » Perform Probable Cause Analysis through TrueSight console
- » Familiarize with the options in TrueSight Infrastructure Management Operator console

ASP Course 1: TrueSight Operations Management 11.x: Fundamentals Administering (ASP)

- » Understand features and functionalities of TrueSight Operations Management 11.x
- » Understand working of role-based access control
- » Learn to install integration service
- » Learn to create installation packages of monitoring solution
- » Create Staging, Blackout, and Monitoring policies for a PATROL agent
- » Understand concepts of TrueSight

COURSE ABSTRACT

- » Infrastructure Management Analytics and Probable Cause Analysis
- » Learn to work with baselines and thresholds
- » Understand events, event class and cells
- » Perform Knowledge Base (KB) administration tasks
- » Get a brief overview of TrueSight
- » App Visibility, Synthetic Monitoring, TrueSight
- » Capacity Optimization, TrueSight Cloud Cost
- » Control Work with dashboard
- » Get introduced to license reports, multitenancy and cross-launch URLs.

ASP Course 2: BMC TrueSight Operations Management 11.x: Fundamentals Operating (ASP)

- » Familiarize with the options in TrueSight console
- » Add and edit dashboards and work with dashlets
- » Navigate through dashboards to access events, groups, monitors, and performance data
- » Learn how to monitor, filter, and analyze events
- » Work with devices and learn how to add, edit, and filter devices

TrueSight Operations Management: Essential Subscription - Administrators

- » Perform Probable Cause Analysis through TrueSight console
- » Familiarize with the options in TrueSight Infrastructure Management Operator console

WBT Course 1: BMC TrueSight Operations Management 11.0: Using New Features (WBT)

- » Introduction to TSOM 11.0 enhancements
- » TSOM 11.0 installation and upgrade enhancements
- » TrueSight console enhancements
- » Security enhancements
- » Introduction to RSSO
- » Installing RSSO
- » Migrating data from ASSO to RSSO
- » Using RSSO console
- » Introduction to TrueSight Cloud Cost Control
- » Installing and accessing TrueSight Cloud Cost Control
- » Using features of TrueSight Cloud Cost Control

WBT Course 2: BMC TrueSight Operations Management 11.x: Fundamentals Architecture and Components (WBT)

- » Describe the importance of effective monitoring in day to day life.

- » Introduce TrueSight Operations Management 11.x product suite
- » Describe high level architecture of TrueSight Operations Management 11.x
- » Identify the different components present in TrueSight Operations Management 11.x suite
- » List different functionalities of TrueSight Operations Management 11.x

Video 1: What's New in TrueSight 11.3 Video

- » Introduction to enhanced TrueSight portfolio
- » Discuss Enhancements of TrueSight Operations Management 11.3 and TrueSight Capacity Optimization 11.3

Certifications:

BMC Certified Associate: TrueSight Operations Management 11.x for Administrators Online Exam

The BMC Certified Associate: TrueSight Operations Management 11.x for Administrators Online Exam will validate the competencies needed to successfully administer and operate TrueSight Operations Management.
