## TrueSight Orchestration: Explore Subscription

### Subscription Overview

TrueSight Orchestration (formerly BMC Atrium Orchestrator)\*\* is an IT process automation solution that allows IT to create workflows across applications, platforms, and tools to orchestrate critical activities such as event remediation, compliance, security and service desk automation across the organization.

**\*\*Note:** Starting with version 8.1.00 BMC Atrium Orchestrator product is now renamed to TrueSight Orchestration. This content is appropriate for all 7.x – 8.x versions and product names.

Using examples, demonstrations, and scenarios, the content of the online education subscription provides an overview of TrueSight Orchestration and details the use of this solution to identify and remediate system vulnerabilities.

**Note:** This is an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

After Users have completed the Skills Assessment, an Enablement Guidance session can be scheduled by contacting [subscription@bmc.com](mailto:subscription@bmc.com).

### Target Audience

- » Administrators

### Learner Objectives

- » Gain an overview of TrueSight Orchestration
- » Understand architecture, components, features and functionalities of TrueSight Orchestration
- » Recognize the components of TrueSight Orchestration
- » Explore Development Studio, Grid Manager and Operator Control Panel
- » Explain the advantages of using TrueSight Orchestration

**Note:** If you need more than an overview about TrueSight Orchestration, e.g. you want to learn how to operate and administer it, BMC recommends the “BMC TrueSight Orchestration: Ultimate Subscription” which includes on demand overviews, instructor led and virtual training, assisted self-paced training, hands on lab with practical exercises, expert coaching and even accreditation and certification.

**COURSE ABSTRACT**

**TrueSight Orchestration: Explore Subscription**

**SUBSCRIPTION ACTIVITIES**

- » Videos, WBTs, Skill Assessment, Enablement Guidance

**ACCREDITATION AND CERTIFICATION PATHS**

- » This subscription is not part of a BMC Accreditation or Certification Path

**REFERENCE LINKS**

Explore the following links to learn more about TrueSight Orchestration learning path and ultimate subscription options.

- » [Learning Path](#)
- » [Subscription Home Page](#)
- » [Graphical Learning Path](#)

**DISCOUNT OPTIONS**

- » Have multiple students? Contact us to discuss hosting a private class for your organization
- » Need more than overview? Contact us for the premium subscription
- » [Contact us for additional information](#)

**Offerings**

**WBT Course 1: BMC Atrium Orchestrator 7.x: Fundamentals – Part 1 (WBT)**

**Lesson 1: Introduction to BMC Atrium Orchestrator**

- » Purpose and functions of BMC Atrium Orchestrator
- » What is IT Process Orchestration?
- » BMC Atrium Orchestrator architecture
- » Components of the Grid and their purpose
- » Basic BAO system requirements

**Lesson 2: The Grid Manager**

- » Users, Roles, and Permissions
- » Migration Tool purpose
- » Remedy Single Sign-On
- » Navigate the Grid Manager
- » Grid Manager purpose and functions
- » Repository Manager

**Lesson 3: Development Studio**

- » Development Studio purpose
- » Using Development Studio

- » Welcome Page and Launchpad
- » The Designer and how to design workflow processes
- » The function of the Library
- » Development Studio Help
- » Process Debugger
- » Configuring Connections

**Lesson 4: Operator Control Panel**

- » Purpose of the Operator Control Panel
- » The Operator Control Panel User Interface
- » The Workflow Explorer pane
- » The Workflow Execution pane
- » Opening and Viewing Processes
- » Execution Controls
- » Paused and Running Processes
- » Operator Dialog
- » The Results Table

**Video 1: Orchestrating Digital Processes**

- » Product overview – how TrueSight Orchestration automates and orchestrates complex IT processes to improve efficiency, agility, and accuracy

**Video 2: Overview of Grid Manager Console**

- » Grid Manager console overview
- » How to sue the Grid Manager to obtain information about your grid status

**Video 3: Navigating Development Studio**

- » Overview of the Development Studio interface
- » Navigating Development Studio

**Video 4: Creating a Workflow in Development Studio**

- » Creating and running a workflow using BMC Atrium Orchestrator's Development Studio
- » Demo – Creating a simple workflow that writes a greeting to a file

**Skills Assessment: BMC TrueSight Orchestration 7.x: Skills Assessment**

Assess Your Readiness using BMC TrueSight Orchestration
