## TrueSight Orchestration: Ultimate Subscription

### Subscription Overview

TrueSight Orchestration is an IT process automation solution that allows IT to create workflows across applications, platforms, and tools to orchestrate critical activities such as event remediation, compliance, security and service desk automation across the organization.

Using examples, demonstrations, scenarios and laboratory exercises the content of the online education subscription help you develop skills in TrueSight Orchestration installation, administration, and configuration and details the use of TrueSight Orchestration solution.

**Note:** This is an annual subscription and is regularly updated and changed, without notice, based on product updates, improvements, and additions. During the duration of the subscription, users will have access to the latest content without incurring additional fees or being subject to additional registrations.

**At BMC's discretion or based on customer demand,** BMC reserves the right to change expert 1:1 coaching appointments to group coaching calls.
