- › 2 Hours

PURPOSE OF EXAM

Companies implementing BMC Remedyforcerealize full value only when their solution is effectively implemented. To ensure implementations are performed to best practice standards, BMC Software maintains a technical certification program.

The BMC Certified Professional for Helix Remedyforce Certification Exam will validate the technical competencies needed to successfully deploy, operate and administer out-of-the-box (OOTB) baseline functionality for BMC Helix Remedyforce.

Skills Tested

Participants will be tested on their knowledge of the following:

- » Configuring and refining the Remedyforce environment, including the management and monitoring of processes and components
- » Configuring fields, forms, and the linking between Incident, Problem, and Change Management tickets
- » Configuring email and how it relates to tickets
- » Configuring Service Level Management and Service Level Agreements
- » Configuring Knowledge Management
- » Configuring and reviewing reporting capabilities

Recommended BMC Software Courses to Prepare for the Certification

The following courses offered by BMC Education Services prepares the participants to take the Certified Professional exam and also improve their knowledge and skill level to help build proficiency with the solution:

- » *BMC Remedyforce: Fundamentals for Administrators – Part 1 (WBT)*
- » *BMC Remedyforce: Fundamentals for Administrators – Part 2 (ILT, VILT, ASP)*
